

Revisión del niño sano 3 años y vacuna

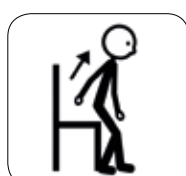

1a

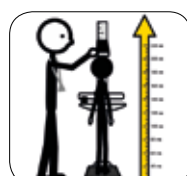

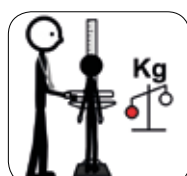

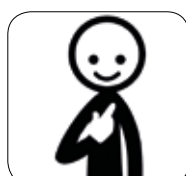

Entro en la consulta y me siento en la silla

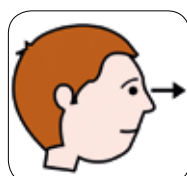

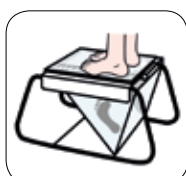

El/la profesional me pregunta por mis hábitos de vida saludables

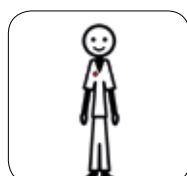

Me levanto de la silla y me quito la ropa: la chaqueta, la camiseta, los pantalones y las zapatillas

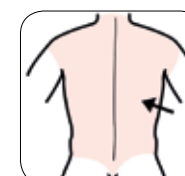

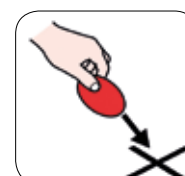

Me subo a la báscula para que me pesen y me midan la altura

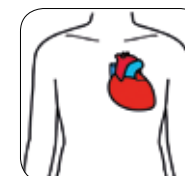

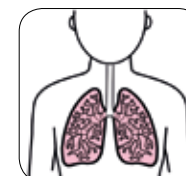

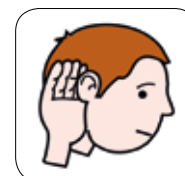

Me subo al podoscopio para que me miren los pies

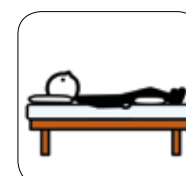

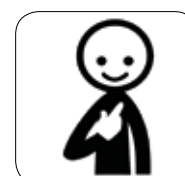

Me siento en la camilla y el/la profesional me mide la tensión

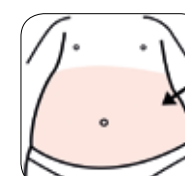

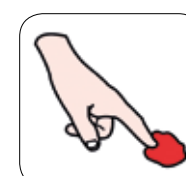

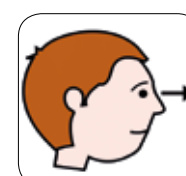

Me pone el estetoscopio en el pecho o la espalda

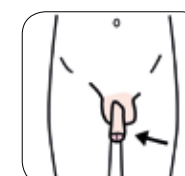

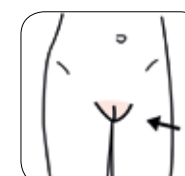

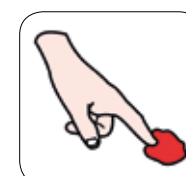

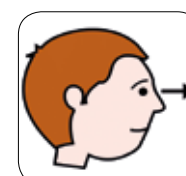

Me escucha los pulmones y el corazón

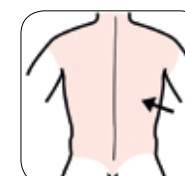

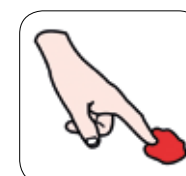

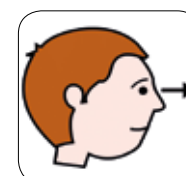

Me tumbo en la camilla

El/la profesional me mira y me toca la tripa

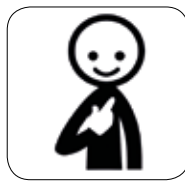

El/la profesional me mira y me explora los genitales

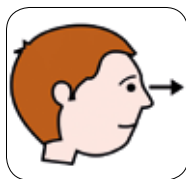

El/la profesional me mira y me toca la espalda y las piernas

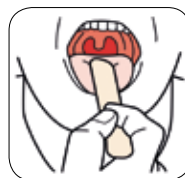

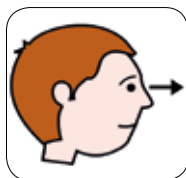

El/la profesional me pone la vacuna y me pincha en el brazo. Me puede doler un poco

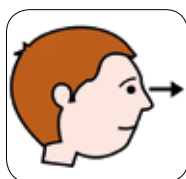

Yo me visto

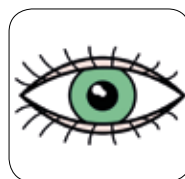

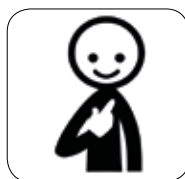

El/la profesional me mira los ojos y me ilumina con una linterna

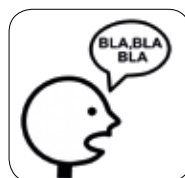

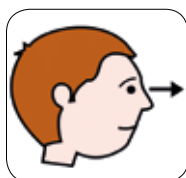

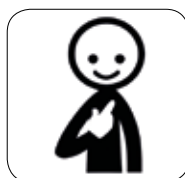

El/la profesional me mira la boca y utiliza un palo que pone sobre mi lengua

El/la profesional me mira el oído e introduce el otoscopio en el oído

Yo me pongo de pie y me tapan un ojo

Yo miro la pizarra y digo lo que veo

Nos despedimos y salimos de la consulta
