

## Extracción de cerumen

7

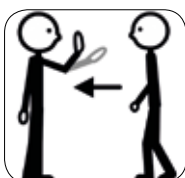

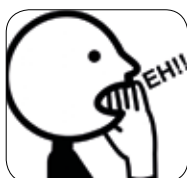

Antes de ir al centro de salud, yo me echo gotas en el oído

Voy al centro de salud

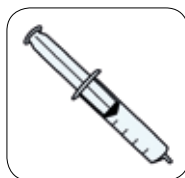

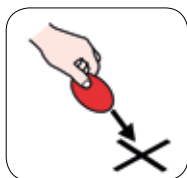

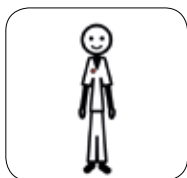

Espero en la sala de espera del centro de salud

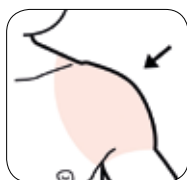

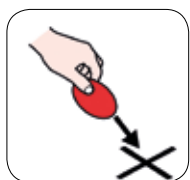

El/la profesional me llama

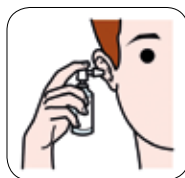

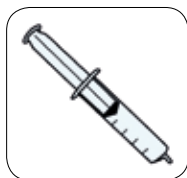

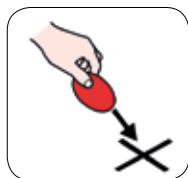

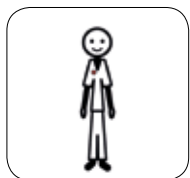

Entro en la consulta y me siento en la silla

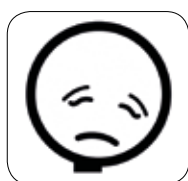

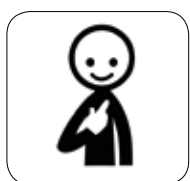

El/la profesional pone agua templada en la jeringuilla

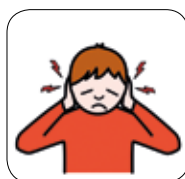

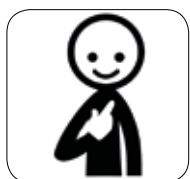

Me ponen un paño sobre mi hombro para no mojarme

El/la profesional pone la jeringuilla en la oreja y expulsa el agua dentro de la oreja

Puede producirme molestias.

Avisar si me hace dolor

Me seco y limpio la oreja

Yo oigo mucho mejor

Nos despedimos y salimos de la consulta
